They're too valuable to be strewn about the room or house exposed to dust and damage! Of course you can't help it, if your book-case is full and of the old style solid construction. Better get rid of such a case, or start a new one that will always accommodate your books without being either too large or too small—one that grows with your library and always fits it. The

EXPERTS AT HELM
Personnel of Kentucky State Fair Management.
Men of Experience and Energy Have Been Placed in Charge of Every Department.
With comparatively few changes, the personnel of the active management of the Kentucky State Fair of 1910 will be the same as last year. J. W. Newman, of Versailles, who has so successfully guided the fair during the past few years, will be again in charge as secretary. While the state failed to appropriate this year money greatly needed for additional buildings, yet it is believed there will be no genuine embarrassment for that reason to the success of the approaching fair, and everything points to the largest and best state fair ever held south of the Ohio river. The following members of the state board of agriculture have been assigned to the departments enumerated for this year: M. C. Rankin, chairman, Frankfort, poultry, plants and flowers, live stock judging contest; M. A. Scovell, Lexington, dairy cattle, dogs; G. N. NATIELLO'S GREAT BAND.
Kentucky State Fair Management Announces Important Engagement for This Year's Show.
Sig. Ernesto Natello's famous band has been engaged for the Kentucky State Fair of 1910, and will be heard in two grand concerts each day. There are some sixty musicians in this great organization, and the band is ranked among the most prominent bands in America. Free concerts will be given in a band stand near the pavilion each afternoon and night, and Natello and his musicians will also be heard during the horse show and hippodrome performances. In addition, two bands have been engaged to provide music for the races and render concert programs during each afternoon and evening.
As a courtesy to the thousands of visitors to the state fair grounds on the day preceding the opening of the fair, the state fair management has arranged for two sacred concerts on Sunday afternoon and evening, September 11. Last year something like 10,000 persons visited the fair grounds on the Sunday immediately before the opening of the big show. This fact led the management to close a contract with Sig. Natello for two grand sacred concerts on Sunday. Hundreds of visitors from out in the state reach Louisville on Saturday and Sunday before the opening of the fair, and they will have the advantage of this additional entertainment.

CHANCE FOR THE BOYS.
Prizes Offered at State Fair to Best Judges of Live Stock.
Live stock judging by students and farmer boys will be witnessed at the Kentucky State Fair of 1910. One of the contests is open to all boys of the state. Commissioner of Agriculture M. C. Rankin offers to the farmer boys \$100 to be used as a scholarship in the agricultural department of the State university for the best written judgment of horses, cattle, swine and sheep exhibits. Another set of prizes, aggregating \$50, will be offered to the students of the State university. The sum is divided into five premiums. These specialties are intended to encourage the youth of Kentucky in the science of live stock judging.

S. J. Roberts of Lexington, Collector for this United States Internal Revenue District, has received a copy of the order just issued by the Treasury Department warning dealers in distilled spirits against the imperfect defacing of marks and brands on stamped spirits packages when empty. The order has appended a copy of the law, reciting the penalties for failing to properly erase or deface these marks.
Regular meeting of the Knights of Columbus on Sunday, the 21st inst. Besides the customary business routine, the Worthy L. has arranged for an interesting discourse on "Juvenile Courts; or What My Council Has Done to Save the Children," by a brother who knows, of Duquesne Council, Pittsburgh, Pa., also for delightful vocal numbers by a trained vocalist of Lexington, Ky. All members will be fully compensated for being present.

SAVE 1/2 TO 3/4 OF COAL BILLS
Mr. J. E. Crider, President of the Crider Creamery Company, Fredonia, Ky., relates his Underfeed experience thus:
"We installed one of your No. 739 Underfeed furnaces in our 12-room house about two years ago. We have found the furnace very satisfactory indeed. The furnace is extremely economical, fires easily and the heat is quite evenly distributed throughout the various rooms. We use nut and slack coal for fuel with perfect results and much prefer the Underfeed to any heating device with which we are familiar."
